Casa Calea – Your place to be? People needed – to help the people in need.

Vision:

Casa Calea is a ministry/ a house in Bucharest, where people from the street experience the love of Christ and receive practical help. This is carried out by Christians who themselves are touched by the love of God and who are called to putting this into practice.

Mission:

We want to pass on the love, grace and abundance that we ourselves have received from God to the people of the street. We want to provide in basic necessities such as meals, small scale medical care, shower facilities and a clothing bank.

We do this accompanied by praising, sharing and explaining God's word, during all the activities and in a Sunday celebration. We also organize an Alpha course for the target group.

We want to give Romanian Christians the opportunity to grow in this and find their place. And to be a source of inspiration for Dutch Christians, who come over to support or participate.

1. Volunteers (f/m)

Casa Calea is looking out for multiple persons, who are called and are willing to serve the homeless and the addicted people (the marginalised) living on the streets of Bucharest.

We are giving an opportunity to all people with a heart to help the people in need. As the ministry has a clearly and outspoken Christian foundation we ask you to sympathise and respect this vision. No conditions to attend a church, or to be spotless, but be ready to serve and to reach out to the people in need. An important element of the ministry is that it is teamwork, so you come to serve.

It is a hands on job, to help practically: serving out tea, serving out meals, attend to the people and treat them as guests with much love and respect. We also provide showers and clothing, so we need help there also.

Practical points:

- **Available at least one shift on Tuesday or Thursday, 09.00 until 13.30 - we are open for other options. And optional Sundays 15.00 until 17.30.**

- Romanian and (preferably, but not necessary) English speaking
- Available at least one day per week, minimal 4 hours on that day
- Other conditions can be discussed and can be tailor made.

2. Volunteers (f/m) – optional housemaster/ assistant

Casa Calea is looking out for one or two persons/ disciples of Jesus/Yeshua, who are called and are willing to serve the love of God to the homeless and the addicted people (the marginalised) living on the streets of Bucharest.

The man or woman needs to be a spirit filled person, who stands mature in faith. No conditions to be spotless, but ready to serve and to be moulded by God – ‘work in progress’.

It is a hands on job, to help practically and to manage a small group of volunteers in loving and serving the people. The person needs to be willing to participate practically in all aspects of the work, but also to delegate the work among the people. It is more important to serve than to master.

Practical points:

- Available on Tuesday and Thursday, 09.00 until 13.30. And Sundays 15.00 until 17.30.
- Romanian and English speaking
- Driver’s license
- Available 3 to 4 days per week, minimal 4 to 5 hours during those days
- There are options to live in the house temporarily

Looking to the future: this volunteer – worker - to operate some periods independently, when the leading pastor is traveling to other locations.

If applicable, we can talk about expenses or another way of contributing.
